

Choose your study type...			
Social & Behavioral Research	Biomedical Research	If your study includes...	The CITI training module(s) required are...
	X	Biospecimens that will be used for genetic analysis	Genetic Research in Human Populations
X	X	Data collected for the study includes Clinical Records	Research and HIPAA Privacy Protections
	X	Study includes an FDA Regulated Device(s) with an Abbreviated IDE or Full IDE	FDA-Regulated Research
	X		GCP for Clinical Investigations of Devices
X		Participants Age 0-5	Research With Children
	X		Research Involving Children
X		Participants Age 6-17	Research With Children
	X		Research Involving Children
X	X	Participants Age 66+	Research With Older Adults
X		Prisoners	Research With Prisoners
	X		Research Involving Prisoners
X	X	Pregnant Women	Research Involving Pregnant Women, Fetuses, and Neonates
X	X	Foreign Language	Consent with Subjects Who Do Not Speak English
X	X	Indigenous Persons	Populations in Research Requiring Additional Considerations and/or Protections
X	X	Economically or Socially Disadvantaged	Research with Persons who are Socially or Economically Disadvantaged
X	X	Critically Ill	Research with Critically Ill Subjects
X	X	Physical Disability or Impairment	Research with Subjects with Physical Disabilities & Impairments
X	X	Impaired Mental Capacity	Research with Decisionally Impaired Subjects
X	X	Caltech Staff	Vulnerable Subjects - Research Involving Workers/Employees
X	X	Caltech Lab Members	Vulnerable Subjects - Research Involving Workers/Employees
X	X	Institutional Data: STUDENTS ONLY	FERPA: An Introduction
X	X	A commercial device used in the study may have an Incidental Finding	Informed Consent and Incidental Findings in Research with Human Subjects
X	X	Participants recruited from the European Economic Area or China	Avoiding Group Harms - International Research Prospectives
X			International Research
	X		International Studies
